Thank you's

The framing of new storage area is up! Do make a trip around to the rear of the building and have a look at it. This new space is going to be a welcome addition to our church and it will be wonderful to have all our items stored in one place. Thank you to the team of builders who have been hard at work these past several weeks for the time you have given to its construction.

Thank you to everyone for joining us on Wednesday evening for the BBQ and conversation with Bishop Mark Macdonald. It was a great deanery event attended by people from across Sudbury/Manitoulin, and Bishop Mark was a gracious guest. Special thanks to those who helped with the setup and cleanup.

If you are interested in volunteering for the Community Garden over the summer months please email Jane Cox at jane.e.cox1@gmail.com.

Website under construction

As of the end of June the present Church of the Ascension website will no longer exist. We are grateful that a member of St. James Anglican Cathedral in Toronto, Kerry Dickson, reached out to us, and has agreed to build a new site for us. Kerry has already prepared something for us and if you go to churchoftheascensionsudbury.ca you will be directed to the new site. Check it out sometime!

Greetings to the Churches of Sudbury

I am writing you all today to ask if you would be able to inform the members of your church that we are currently looking for 3 dedicated volunteers to take over the running of the clothing room. Sister Nicole, who has been overseeing this portion of the mission for years has just informed us that she is stepping down in July. It leaves a large hole to fill. This service is one of our main services here at the mission apart from the meals. We need your help to keep it going smoothly.

The duties would be sorting through the clothing donations that come in, organizing them into the clothing room (keeping seasonal clothing available to the clients), opening the room several times a week for the clients to come in and choose their clothing and keeping a record of who takes what clothing for statistics purposes.

We are looking for an individual who is dedicated, reliable, organized, compassionate and committed. Interested people can call us at 705-673-2163, or email us at administrator@themission.ca.

We are hoping to find someone before Sister Nicole is done so they can spend some time with her learning how she ran things to better help them in taking over the job.

Thank You so much,

Jennifer O'Link

How To Give Your Cat a Pill

1. Grasp cat firmly in your arms. Cradle its head on your elbows, just as if you were giving a baby a bottle. Coo confidently, "That's a nice kitty." Drop pill into its mouth.
2. Retrieve cat from top of lamp and pill from under sofa.
3. Follow same procedure as in 1, but hold cat's front paws down with left hand and back paws down with elbow of right arm. Poke pill into its mouth with right forefinger.
4. Retrieve cat from under bed. Get new pill from bottle. (Resist impulse to get new cat.)
5. Again proceed as in 1, except when you have cat firmly cradled in bottle-feeding position, sit down on edge of chair, fold your torso over cat, bring your right hand over your left elbow, open cat's mouth by lifting the upper jaw and pop the pill in -- quickly. Since your head is down by your knees, you won't be able to see what you're doing. That's just as well.
6. Leave cat hanging on drapes. Leave pill in your hair.
7. If you're a woman, have a good cry. If you're a man, have a good cry.
8. Now pull yourself together. Who's the boss here, anyway? Retrieve cat and pill. Assuming position 1, say sternly, "Who's the boss here, anyway?" Open cat's mouth, take pill and ... Oooooops!
9. This isn't working, is it? Collapse and think. Aha! Those flashing claws are causing the chaos.
10. Crawl to linen closet. Drag back large beach towel. Spread towel on floor.
11. Retrieve cat from kitchen counter and pill from potted plant.
12. Spread cat on towel near one end with its head over long edge.
13. Flatten cat's front and back legs over its stomach. (Resist impulse to flatten cat.)
14. Roll cat in towel. Work fast; time and tabbies wait for no man -- or woman.
15. Resume position 1. Rotate your left hand to cat's head. Press its mouth at the jaw hinges like opening the petals of a snapdragon.
16. Drop pill into cat's mouth and poke gently. Voila! It's done.
17. Vacuum up loose fur (cat's). Apply bandages to wounds (yours).
18. Take two aspirins and lie down.

By the way, know how to give a DOG a pill?

1. Wrap it in Bacon.
2. Toss it in the air.
